MONSOON PROFESSIONAL

PERFECT FOR BOOSTING WATER THROUGHOUT
A HOME OR SMALL COMMERCIAL PROPERTY

- ▶ HIGH QUALITY PUMP AND CONSTRUCTION
- ▶ WHISPER QUIET OPERATION
- ▶ EASY TO USE CONTROL PANEL AND LED DISPLAY
- ▶ BOOSTS WATER PRESSURE UP TO 4.2 BAR
- ▶ OUTPUT FLOW RATE UP TO 78 LITRES/MIN
- ▶ INTELLIGENT VARIABLE SPEED PUMP

OVERVIEW

Perfect for boosting water pressure and flow throughout your whole home or small commercial property.

MONSOON PROFESSIONAL is suitable for boosting water pressure and flow from a cold water storage tank, direct to all cold water outlets and to all hot water outlets via a combi-boiler or pressurised hot water cylinder system.

MONSOON PROFESSIONAL uses intelligent controls to maintain a constant pressure at all water outlets and appliances even when in use at the same time.

**5 YEAR
WARRANTY**

APPLICATIONS

- ▶ Boosting water pressure to properties using a cold water storage tank and combi-boiler or pressurised hot water cylinder
- ▶ Ideal for properties with multiple outlets

FEATURES

Quietly boosts water throughout your home

Connects directly to a cold water storage tank for use with combi-boilers and pressurised hot water cylinders. Up to 6 metres suction lift and capable of boosting water pressure up to 5 floors.

Increases pressure at all connected outlets

Water pressure increased to up to 4.2 bar for improved pressure around a home & small business. Maximum pump output flow rate of up to 78 litres/min for improved water performance.

Plug & Play installation

Supplied with patent-pending bespoke compression fittings and olives for both 1" (Ireland) & 28mm (UK) pipework. Quick install guide included on the packaging.

Low maintenance once installed

Touch button control. High sensitivity flow detection for automatic on/off operation.

Easy access integral expansion vessel. Anti-vibration design with quality motor for quiet operation.

Inlet strainer included.

Long-lasting high-quality parts

Robust water boosting pump built to the highest quality for enhanced reliability. A massive 5-year warranty as standard.
